

3M Scotch-Weld™ 78 HT Hi-Temperature Polystyrene Foam Insulation Spray Adhesive (Bulk)

Category : Polymer , Adhesive

Material Notes:

A high strength, high temperature resistant, industrial grade spray adhesive with a long open time designed for bonding most types of insulation such as fiberglass, expanded polystyrene foam, and extruded polystyrene foam. Features: It can permanently bond polystyrene foam, both expanded and extruded, to itself as well as many other materials, without degrading the foam. Capable of both one and two surface bonding. Information provided by 3M
