

A. Schulman POLYBATCH™ Popular Choice White HS80660 Concentrate Based In Polystyrene

Category : Other Engineering Material , Additive/Filler for Polymer , Polymer , Thermoplastic , Polystyrene (PS)

Material Notes:

Description POLYBATCH® HS80660 is a white masterbatch containing 70% TiO₂ based in impact polystyrene. This product has been formulated to optimize the dispersion and opacity with good distributive letdown mixing. POLYBATCH® HS80660 is typically recommended for use in extrusion film and sheet, thermoforming, and injection molding applications. Information provided by A. Schulman.
