

A. Schulman POLYBATCH™ White P8550 C Concentrate Based In Polypropylene

Category : Other Engineering Material , Additive/Filler for Polymer , Polymer , Thermoplastic , Polypropylene (PP)

Material Notes:

Description POLYBATCH® P8550 C is a white masterbatch containing 50% TiO₂ based in homopolymer polypropylene. This product is stearate free and has been designed to offer good dispersion and excellent letdown mixing in injection, and blow molding applications.

POLYBATCH® P8550 C is typically recommended for use at 2 to 4% addition levels depending upon application requirements. Information provided by A. Schulman.
