

## ChevronTexaco Havoline® SAE 5W-30 Motor Oil

Category : Fluid , Lubricant

**Material Notes:**

All grades of Havoline Motor Oils are formulated with high quality base stocks, a shear-stable viscosity index improver, and contain detergent, dispersant, wear control, antioxidant, corrosion inhibitor, and foam suppressant additives. Havoline Motor Oils are recommended for all four-stroke gasoline engines used in passenger cars, light trucks, powerboats, motorcycles, and other mobile and stationary equipment. They are excellent for high-revving engines in small cars and light trucks. All grades are specially formulated for use in both new and high-mileage cars, and in turbocharged as well as normally aspirated engines. SAE 5W-30 is recommended by the majority of auto manufacturers for most of their late model vehicles under all weather conditions. It is also for use at very low temperatures involving cold starting, and for high fuel economy. Typical test data are average values only. Minor variations which do not affect product performance are to be expected in normal manufacturing. CPS Number: 222195; MSDS Number: 8599

Physical Properties	Metric	English	Comments
API Gravity	32.2 °	32.2 °	
Viscosity	5700 cP @Temperature -30.0 °C	5700 cP @Temperature -22.0 °F	Cold Crank
Viscosity Measurement	159	159	Viscosity Index
Kinematic Viscosity at 40°C (104°F)	64.8 cSt	64.8 cSt	
Kinematic Viscosity at 100°C (212°F)	10.8 cSt	10.8 cSt	
Ash	0.90 %	0.90 %	Sulfated Ash

Thermal Properties	Metric	English	Comments
Pour Point	-36.0 °C	-32.8 °F	
Flash Point	232 °C	450 °F	

Component Elements Properties	Metric	English	Comments
Phosphorous, P	0.094 %	0.094 %	
Zinc, Zn	0.103 %	0.103 %	

Chemical Properties	Metric	English	Comments
Total Base Number	7.6	7.6	ASTM D2896
