

## ConocoPhillips Hydroclear® 460 Multipurpose R&O Oil, AGMA Lubricant No. 7

Category : Fluid , Lubricant

### Material Notes:

Description: Conoco Hydroclear Multipurpose R&O Oil is a rust- and oxidationinhibited industrial oil with ashless wear protection formulated from premium Conoco hydrocracked base stocks. Hydroclear Multipurpose R&O Oil is specially formulated with proprietary additive chemistry and is recommended for use in a variety of systems which require rust- and oxidation-inhibited oils. The added benefit of mild antiwear protection can significantly increase equipment life, particularly in these hardworking times. These applications include general oiling, air compressors, steam turbines, hydraulic systems, circulating oil systems, oil-filled couplings, centrifugal pumps and lightly loaded gearboxes. Hydroclear Multipurpose R&O Oil has been tested and formally approved by Cincinnati Milacron under specifications P-38 (ISO 32), P-55 (46) and P-54 (68). Hydroclear Multipurpose R&O Oil exceeds Vickers I-286-S requirements. Hydroclear Multipurpose R&O Oil 460 meets the requirements of the Morgoil Lubricant Specification for use in roll-neck bearings. Proven performance in turbines which require antiwear, such as ABB and Alstom (some). Excellent for mist lubrication systems. Information provided by ConocoPhillips.
