

ExxonMobil Label-Lyte® 30 XU-001 Clear OPP High-shrink Film

Category : Polymer , Adhesive , Film , Thermoplastic , Polypropylene (PP) , Polypropylene, Film Grade

Material Notes:

Clear, high-shrink film designed for use in roll-fed labeling of contoured containers such as aluminum and steel beverage cans, beaded metal cans, aerosol containers, and contoured glass and plastic bottles. It offers the high-shrink necessary for 202 beverage cans. This film is designed to laminate itself. The treated print surface is compatible with solvent-based or water-based flexo and gravure inks and UV-cured inks. Information provided by ExxonMobil Chemical
