

Lubriplate NO.105 NO. 105 Motor Assembly Grease Specialty Lubricant and Grease

Category : Fluid , Lubricant

Material Notes:

A smooth, light bodied, water--repellent grease that is applied to engine bearings, cylinder walls and other moving internal engine parts. Provides lubrication and protects parts from scuffing and scoring during initial start up before the motor oil circulates. Prevents rust on newly machined engine parts. Will not clog filters or oil lines. Information provided by Lubriplate
