

Master Bond UV15X-2GT One Component, UV Curable Glob Top Compound

Category : Polymer , Adhesive , Thermoset

Material Notes:

Master Bond Polymer System UV15X-2GT is a one component, easily processable, UV curable glob top, featuring exceptional durability and chemical resistance. UV15X-2GT is a thixotropic paste that handles well when encapsulating selected components and chips on circuit boards. The cured UV15X-2GT offers excellent protection from physical and mechanical damage that might occur in assembly and handling.
