

Silberline Sparkle Silver[®] 3199-AR

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Sparkle Silver[®] 3199-AR is a medium non-leafing aluminum pigment. Its controlled particle size range makes it suitable for both one and two coat automotive and industrial coatings. Good orientation gives a brilliant sparkling finish. Good face whiteness, high flop tone, and good hiding and tint strength have led to very widespread use of this grade by formulators. Applications: Automotive
