

Dow Corning PF-2520 ELASTOMER EMULSION

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

DOW CORNING® PF-2520 Elastomer Emulsion has been developed to facilitate the incorporation of an elastomeric powder in fluid into water-based silicone powder into water-based cosmetic products. It can be used in skin care, color cosmetics, sun care, body wash, facial mask, shampoos, leave-in and rinse-off conditioner applications. It is a 63% nonionic emulsion containing silicone elastomer particle dispersed in Dimethicone. Information provided by Dow Corning
