

## Haynes Hastelloy® S alloy, gas tungsten arc welded plate 12.7 mm (1/2 in.) thick

Category : Metal , Nonferrous Metal , Nickel Alloy , Superalloy

### Material Notes:

Nickel-based, high temperature alloy. Excellent thermal stability, low thermal expansion, excellent oxidation resistance to 1093°C, good high temperature and thermal fatigue strength. Applications include seal rings in gas turbine engines, and severe cyclical heating conditions where it retains strength, ductility, and integrity. Data provided by the manufacturer, Haynes International, Inc.
