

## Lucite International Colacryl Â® DP300 Specialty Acrylic Resin

Category : Polymer , Thermoplastic , Acrylic (PMMA)

### Material Notes:

This is a high molecular weight PMMA resin. PMMA resins are characterised by high physical strength and abrasion resistance. Applications: This resin is used in the production of porous polymer molds for the sanitary ware casting industry (pressure casting), and in the production of castings and embedments. Information provided by Lucite International
