

Lucite International Lucite[®] 1192 Glass Separation Resin

Category : Polymer , Thermoplastic , Acrylic (PMMA)

Material Notes:

Lucite[®] 1192 is an ultra-high molecular weight PMMA resin, aimed at the protection of hard (metal oxide) coated glass sheets during storage and transportation. Lucite[®] 1192 acrylic resin provides the following benefits: Minimises damage to glass; Prevents glass-to-glass abrasion/scratching; Prevents glass corrosion when blended with adipic acid; Physical separator to ease glass handling; Inert, non-hazardous; Cost effective; Perfectly suited for automated glass handling/processing; Easy to apply; Easy to remove. Information provided by Lucite International
