

## Lushan Solar EVA Film Lamination, Ultra Fast Cure

Category : Polymer , Film , Thermoplastic , Ethylene Vinyl Acetate , Ethylene Vinyl Acetate Copolymer (EVA) , Film Grade

**Material Notes:**

EVA film for encapsulating solar module Lushan series with ultra fast cure characteristic is used as encapsulate materials for photovoltaic industry. With Innovative technology, Lushan ultra fast cure solar EVA film has developed to be a stable, high properties, and reputable products, and widely used in China and overseas market. Lushan ultra fast cure solar EVA film has very good processing properties that helps PV module manufactures with the most effective production way and save the cost as much as possible. Information provided by Lushan
