

MTM Plastics Dipolen® SH Recycled PE Blend

Category : Polymer , Renewable/Recycled Polymer , Thermoplastic , Polyethylene (PE)

Material Notes:

Dipolen® is a granulated polyolefin blend for use in either extrusion or injection molding. It can be supplied unmodified or treated with additives according to customer specifications. Dipolen® boasts a high level of polyolefin purity, through an extremely selective recycling technology, and through thorough degassing and very fine filtration. Information provided by MTM Plastics GmbH.
