

## MV Labs CS300 Cs<sub>2</sub>CO<sub>3</sub> Cesium carbonate

Category : Ceramic

### Material Notes:

Information provided by MV Laboratories.

| Physical Properties | Metric       | English      | Comments |
|---------------------|--------------|--------------|----------|
| Molecular Weight    | 325.82 g/mol | 325.82 g/mol |          |

| Descriptive Properties | Value                                                                | Comments |
|------------------------|----------------------------------------------------------------------|----------|
| Assay                  | 81% Cs                                                               |          |
| CAS Number             | 534-17-8                                                             |          |
| Form                   | White powder                                                         |          |
| Purity                 | 99.995%                                                              |          |
| Typical Impurities     | Ba = 9; K = 2; Na, Rb, Sr = 1 ppm; Ca, Cr, Fe, Li, Mg, Mn, Si < 1 ND |          |
