| Physical Properties | Metric       | English      | Comments |
|---------------------|--------------|--------------|----------|
| Molecular Weight    | 247.44 g/mol | 247.44 g/mol |          |

| Descriptive Properties | Value                  | Comments |
|------------------------|------------------------|----------|
| Assay                  | 35% Br                 |          |
| CAS Number             | 10476-81-0             |          |
| Form                   | White powder           |          |
| Purity                 | 99.999%                |          |
| Typical Impurities     | Ba, Ca < 3; Mg < 1 ppm |          |
