

Master Bond UV11-3 Abrasion Resistant, UV Curable Coating System

Category : Polymer , Adhesive , Thermoset

Material Notes:

Master Bond UV11-3 is an extra-hard, super-abrasion resist-radiation curable coating system for plastic substrates. It is a low viscosity, clear, 100% reactive liquid that can be cured readily by exposure to UV lamps or EB radiation. The cured Master Bond UV11-3 films feature optical clarity as well as high hardness and excellent abrasion resistance.
