

## Protective Coating PC-Masonry Epoxy™ Repair Adhesive

Category : Polymer , Adhesive , Thermoset , Epoxy , Epoxy Adhesive

### Material Notes:

PC-Masonry Epoxy™ is a solvent free, high strength, high modulus, moisture insensitive, non-sag two component epoxy. Use as a high strength adhesive for projects that require a non-sag repair with fast curing time. Ideal for larger concrete repairs, especially for spalled concrete, it can be troweled over rough and deteriorating concrete. Use for rebuilding missing concrete. PC-Masonry Epoxy™ is ideal for vertical and overhead repairs since it will not run, sag or drip. PC-Masonry Epoxy™ can be painted after it has been cured. Use as a high strength adhesive for projects that require a non-sag repair with fast curing time. Data provided by the manufacturer.
