

Silberline Sparkle Silver® 5271-AR

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Sparkle Silver® 5271-AR is medium, non-leafing aluminum pigment. It is distinguished by a closely controlled particle size distribution.

This results in a fine, white, face tone with silvery patina, coupled with a very deep flop effect. The clear, clean metallic colors produced are ideal for automotive paints, especially higher solids formulations. Applications: Automotive
