

Struktol MONTAN WAX OP Lubricant, Processing Additive

Category : Other Engineering Material , Additive/Filler for Polymer , Polymer

Material Notes:

Montanic ester wax. STRUKTOLÂ® Montan Wax OP is an excellent processing additive for PVC. It provides superior plate out properties, wide processing latitude and is ideal for clear applications. Primary applications are for calendered goods, injection, and blow molded products. STRUKTOLÂ® Montan Wax OP is also used in solvent based polishes for binding solvent and increasing gloss.
